

Giesecke+Devrient Ventures

Job Title: Working Student (m/f/d) Ventures

Giesecke+Devrient Ventures is the Venture Capital arm of Giesecke+Devrient (G+D), a global leader in Fintech, IoT, Cyber Security and Identities.

We are a theme-driven investor, financing early stage European startups, and supporting them with the unique technology, partner and customer network and expertise of the G+D group.

We are currently expanding our investment activities with a new investment fund, dedicated to European startups focusing on trust-enabling technologies such as Cyber Security, data privacy, blockchain and Quantum computing, which we collectively call 'TrustTech'.

To support the team, we are recruiting a Working Student (m/f/d) Ventures for our Munich office.

Your responsibilities:

- Take ownership of **deal flow generation**...
- ...searching systematically for startups in a defined technology / market segment...
- ...and start evaluating the opportunities on good investment candidates working with the Ventures team

Your Qualifications:

- You are advanced in your Master studies in science, IT or engineering - best in combination with some business focus like Entrepreneurship or Information Systems (Wirtschaftsinformatik) or similar.
- You are keen to work with startups / in the startup ecosystem and learn about spearheading tech innovation
- You are self-motivated and you are comfortable acting on your own initiative to deliver results – of course with mentorship by the experienced team
- You feel comfortable conversing in English

If you are interested please send your CV to andreas.barthelmes@gi-de.com – we are looking forward to your application!
