Educating Entrepreneurship Educators

Coneect is an international network of universities that offers training courses for academic entrepreneurship teachers to improve the Entrepreneurship Education across Europe.

Day 1: The cultural contextualisation of entrepreneurship education

Day 2: Entrepreneurial mindset development - Stretching perspectives

Day 3: Creativity and innovation

Day 4: Supporting High Impact Entrepreneurship

Day 5: Ready to Teach

"Learning in Practise" (LiP)

- Teaching entrepreneurship in real-life environments such as:
- Working in challenging class rooms (i.e. child care facilities, primary & secondary schools, music & art schools),
- Working in unconventional environments with artists, architects, designers,
- Working with businesses such as AutoScout24, Allianz, Gravity GmbH and innovative start-ups

"Design and Develop new approaches" (D&D)

- For experienced educators interested in designing and developing novel teaching courses and learning outcome assessment tools
- Participants will have the unique opportunity to conceptualize and prototype these in small interdisciplinary teams

- Applications open
- Target group:
 - Higher Education staff that is currently teaching entrepreneurship education or planning to start within the next academic year
