
Business Master Mind (m/f/d) Wanted

Art-Glove is a small start-up with a big impact. We have designed a self-massaging glove inspired by people who suffer from Rheumatoid Arthritis. Rheumatoid Arthritis is an incurable autoimmune disease that affects the joints of different body parts, mainly hands. A massage is an effective way to reduce the main symptoms which are stiffness, sallowness and pain that makes it very hard for the patients to perform basic daily tasks. This disease affects 1 % (77 Mio. people) of the total population.

But that is not it!

Art-Glove can be extended to different target groups that could benefit from a massage and even more than that, the same technology could be applied to target different body parts which are in pain.

In Art-Glove we are a passionate team inspired by people. Art-Glove started as a class project in 2019 and from there it has won different competitions and scholarships and soon, we aim to get the EXIST scholarship.

The one thing that's missing? Well... you...

Description and requirements

Art-Glove is getting ready for going live into the market and for that we need a **business master mind (m/f/d)** who is based in Munich or surroundings.

We are looking for someone to complement our core team, a potential Co-Founder holding a degree in business management or business development. We are looking for someone who is motivated, organized, responsible, and self-sufficient who loves talking to people and networking with the aim to find potential partners and investors. If you see yourself building up a Start-up as a core team member, you are passionate about helping people (Healthcare, MedTech oriented) and taking ideas to reality, this is the offer for you, here your ideas and opinions will be always welcomed.

Main Tasks:

- Create a business plan and business model
- Create cost analysis report (pricing)
- Fundraising for start-up
- Defining road map and setting milestones
- Find strategic and suitable partners
- Competitor's analysis
- Participate in accelerator programs

You will also support on:

- Producers' acquis and negotiation
- Research on medical certificates and process

Your Knowledge/Skills:

- Fluent in English and German (Spanish is a plus)
- Good knowledge in Business related topics (experience is a plus)
- Market and competitor analysis
- Previous working experience in a Start-up (nice to have but not necessary)

What we offer

We work in a nice, motivated, hard-working, and multicultural team, with fresh Colombian coffee available and different team-building activities. Additionally, you will have access to a co-working space and creation lab.

You will be part of the core team with the possibility to become a co-founder of Art-Glove (shares and participation to be negotiated), plus you will be involved in the whole product development process. Further, as part of the team, you will apply with us to the EXIST scholarship or any other funding program, and you will get all the respective benefits.

And last but most important you will help millions of people who are in pain.

Are you interested? Contact us!
